Internal reporting

Internal reporting

To monitor the financial and technical implementation

Based on the CA at the kick off meeting you would need to discuss the internal monitoring and reporting procedures.

Internal reporting:

- Allows a good overview of the work that's been done
- Alerts if a partner is overspending or underspending
- Highlights issues that may hinder the implementation of the project activities

Going back to our template! How about an extra exercise?

Periodic report – in actual cost grants

Technical and Financial Report

Periodic report module

Overview

Technical part

- **Part A** (structured information entered through the **continuous reporting** module)
 - Project summary
 - Deliverables, milestones, risks, etc.
 - Answers to the impact questionnaire
- **Part B** (narrative part submitted in a PDF through the **periodic reporting** module)
 - Explanation of the work carried out by the beneficiaries and overview of progress
 - Explanations on deviations from DoA

Financial part

- **Financial statements** (individual and consolidated).
- Explanation on the **use of resources** and information on subcontracting and in-kind contributions by third parties.
- **Certificates on the financial statements** (CFS), only at final payment if threshold is reached (uploaded as PDF).

Report generated automatically based on the information entered through the **periodic reporting** module.

Activated at the end of reporting periods

Must be submitted within 60 days following the end of each reporting period

Periodic reporting module

Functionalities

Beneficiaries complete on-line their financial statements including the explanations on the use of resources.

Coordinator uploads the Part B of the periodic technical report (narrative part).

Periodic reporting is activated after the end of each reporting period except if an amendment is ongoing or a previous periodic report is still open.

The screenshot displays the 'RESEARCH & INNOVATION Grant Management Services' interface. On the left, a sidebar for 'MY PROJECT' shows details for 'HORIZON 2020' project 824544, including call number, type of action, phase, and duration. The main area features a progress bar for 'Continuous Reporting' (824544) which is marked as 'Started' on 01 Jan. Below this, a 'Periodic Reporting' section (REP-119261-1 - period) is highlighted with a red box. It shows a progress bar with stages: 'Draft' (14 Mar), 'Submitted' (15 Sep, 2068/60 days), and 'Paid'. Underneath, there are tasks like 'Technical Part contribution' (locked for review), 'Financial Statement AST [PIC] drafting' (locked for review), and 'Periodic Report composition' (submit to EU). The interface also includes navigation buttons like 'Latest Legal Data', 'Active Processes', and 'Document Library', along with a 'HOW TO' button and a footer with '© European Communities - Version 1.24'.

Project Summary for publication

i This section is structured in four sub-sections that must be completed on-line with suitable quality to enable direct publication by the Commission/Agency/other EU funding body. It should be easy to read i.e. written in a language easily understandable by a broader public, thereby promoting the dissemination and supporting the exploitation of EU funded results. It should preferably not exceed 7480 characters (equivalent to two pages of a text document). This part must not contain any confidential or personal data (e.g. names and addresses).

The summary for publication must be drafted as a "stand-alone" text. No references should be made to other parts of the report. References can be made only to publicly available information.

Beside the summary filled within the tool, diagrams or photographs illustrating and promoting the work of the project can be provided (only as images).

How to report deviations?

Section 5. Deviations from Annex 1

5.1 Tasks

- Include explanations for tasks not fully implemented, critical objectives not fully achieved and/or not being on schedule. Explain also the impact on other tasks on the available resources and the planning.

5.2 Use of resources

- Include explanations on deviations of the use of resources between actual and planned use of resources in Annex 1, especially related to person-months per work package.

5.2.1 Unforeseen subcontracting (if applicable)

- Specify in this section:
 - The work (the tasks) performed by a subcontractor which may cover only a limited part of the project;
 - Explanation of the circumstances which caused the need for a subcontract, taking into account the specific characteristics of the project;
 - The confirmation that the subcontractor has been selected ensuring the best value for money or, if appropriate, the lowest price and avoiding any conflict of interests.

5.2.2 Unforeseen use of in-kind contribution from third party against payment or free of charges (if applicable)

- Specify in this section:
 - The identity of the third party;
 - The resources made available by the third party respectively against payment or free of charges
 - Explanation of the circumstances which caused the need for using these resources for carrying out the work.

How to report deviations?

Examples

Tasks related deviations:

- Change in the schedule of the action
- Additional activities
- Attending at event which was not foreseen in the DoA...

Budget related deviations:

- Budget transfer between beneficiaries
- Underestimating PM
- Overspending

5. Deviations from Annex 1 and Annex 2

5.1 Tasks

The work plan detailed in the Description of the Action (DoA) remained valid and no critical deviations have been encountered during the 2nd period of . All deliverables were submitted, all milestones were achieved as planned and the Project Officer (PO) was informed in advance of any deviations in submitting from the initial schedule, in particular, the deliverables related to WP4 and WP5.

5.2 Use of resources

has implemented a cost-monitoring system (Internal Financial Reporting) to keep costs under control and in consistency with the achieved results. The overall spending of the project is in line with the work implemented and with the budget foreseen in the Description of Action (DoA). All costs reported by the beneficiaries were carefully checked, needed and justified to achieve the project's objectives.

In particular, the table below provides an overview of the actual effort (person-months) spent by each project partner during the 2nd period of in comparison to the efforts included in the DoA of the project.

- **Beneficiary 3:**
was responsible for Task 4.3 Finding value in university R&D- for creating an entrepreneurial -academic connected ecosystem. spent additional efforts than expected in WP4 (+0.53PM) to gather, harmonize and analyse data from Universities for the Technology Transfer model. Please note that Bar Ilan University requested less EC contribution in order to remain within it foreseen budget.
Adjustment to RP1: Following the internal revision of the RP1 financial reports submitted an Adjustment to RP1 to correct the travel costs.
- **Beneficiary 4:**
as the leader of WP3 increased its efforts (+1,6PM - Adjustment to RP1 and RP2) in maximizing the benefits of the startups attended at Startup Ole, by providing matchmaking to our entrepreneurs. The additional effort did not result significant overspending of the foreseen budget.
Adjustment to RP1: Following the internal revision of the RP1 financial reports submitted an Adjustment to RP1 to correct the other direct costs.
- **Beneficiary 8:**
spent additional efforts in WP3 (+0.05 PM) with the preparation of the Access2Finance workshop in Bucharest within the iCEE fest. Additional efforts were required in order to harmonize the agenda of the A2F workshop with the overall programme of the iCEE fest. The additional effort spent resulted with minor overspending in terms of financial resources.
- **Beneficiary 9:**
spent additional efforts in WP1 (+0.49 PM) related to the increase of administrative efforts within the organisation for arraigning the logistics for the travel of their startups to the MY-GATEWAY events. In addition, reported additional efforts in WP6 (+0.86 PM) due to their increased involvement in the Exploitation plan of the project, specifically defining the strategy for the Startup Europe Networks. Lastly, additional efforts were spent in WP7 (+1.24 PM) for the promotion of the final event, in order to increase the participation of the Slovenian startups at the event. In this respect, it is important to note that the additional effort spent to this end did not result in any overspending in terms of financial resources.
- **Beneficiary 10:**
Adjustment to RP1: The adjustment to RP1 of the beneficiary was done after the thorough check of declared cost of the project. Findings are related to the Direct Personnel Cost and Other Direct Cost. Considering Direct Personnel Cost it was found out, that some components of the basic remuneration of personnel working on the project was mistakenly accounted (i.e. not considering the portion of working time spent on the project and other activities of an employee). This finding led to

Drafting the reports effectively

Tips – what and how to include in the reports

- Put together a very clear and solid **Publishable / Executive Summary**
- **Distribute** the work – as in proposal preparation
- Work Progress (WP1-n): **WP leaders** should coordinate with input from the relevant partners
- Establish **uniform** templates for the sections where you need partners' input
- **Consolidate** partner outputs/achievements in case of joint activities (e.g. Dissemination)
- Use **visuals** (highlight, graphics, tables, etc.)
- Leave enough time to do the **final editing, formatting** and proof-reading of the reports + filling in all the info **also online!**
- **Minor problems should never be reported** – find the solution “in-house”!
- **Major problems** (serious delays, exclusion of a beneficiary, etc.) have to be reported – but there will be consequences...
- **Report problems with options for solutions**
- All other problems – **try to balance!**

Suspension of the payment deadline (Article 47 GA)

Dear Madam/Sir,

In connection with your above-mentioned periodic report, I would like to inform you that we had to reject the report and **suspend our payment deadline** because the report must be revised.

The following changes are required for the **financial part**:

- for
 "Venue renting (including audio visual equipment)....": 25.121,01€
 Could you please provide the details of the event (date/title/relation with the project)?
- for
 Adjustment to RP1:
 Please add a paragraph describing the adjustment in the Final Report (page 114).
- for
 The actual effort for RP2 reported in the Final report (page 113) is not consistent with the effort reported in the Report on Explanation of the Use of Resources"
 Other direct costs:
 Startup Europe Club hosting: 117,00€
 Please provide details of the event (date/relation with the project)
 Startup World Cup Prague: 105,86€
 Please provide details of the event (date/relation with the project)

The following changes are required for the **technical part**:

- Certificate on the Financial Statements

Typical mistakes

- Beneficiary No 3 for WP2, **more PM than foreseen have been reported**, please explain the reason for the deviation.
- Beneficiary No 9..... Has an average **monthly salary** of approx. 8.500 EUR foreseen. In the first reporting period, they are claiming personnel cost of approx. 12.200 EUR per month. Since this is a **high deviation, please explain** the reason. Moreover it is declaring the total number of PM for all WPs of period 1. Please provide further explanation.
- Other direct costs: Line EUR 644.70 – includes EUR 254.95 for Business breakfast in Kingston on 27/04/2017 – this **cost is related to an event occurred in RP1**. Please check if this amount has not already been claimed and paid in RP1. If not, please take it away from RP2 and claim it as an Adj RP1.
- For WPs 4 and 9, the **PMs foreseen are already overused**. Please clarify if the work of Beneficiary 3 in these two WPs is done or if there is still work foreseen in the next reporting period.
- Beneficiary No 4, **WP8 only starts in M25, but already 6,8 PM are requested**, please clarify.
- Beneficiary No, is requesting **unit cost for SME owner** or natural person cost. These costs should have been foreseen in Annex2. Please confirm that this is not a typo and submit a filled in Annex 2a.

Payment of the balance letter

To the Coordinator

The coordinator will be notified of the end of the payment process and will receive a **Payment of the balance letter** and the supporting reports with the details of any cost rejected and the reasons for rejection:

- **Financial Situation** - Project Overview
- **Financial Statement Assessment** (per participant)
- **Payment of the Balance calculation sheet**

The coordinator must check for each beneficiary the amount of funds received and the costs reported and accepted by the EC:

- **Repayment of the excess funds to the coordinator**
- **Payment of the balance to the partners**

Review meeting

What is a technical review?

Projects are reviewed (monitored) to assess the work carried out over a given period. Reviews may cover the technical implementation of the project (i.e. its scientific and technological relevance) but may also cover financial and budgetary aspects or compliance with other obligations under the GA.

The reviewer(s) assess the **project progress** with regard to:

- the initial work plan
- deliverables
- planned and used resources
- relevance of the objectives
- scientific and industrial quality
- management procedures and methods
- beneficiaries' contributions, and
- the expected potential impact in scientific, technological, economic, competitive and social terms, and the plans for the use and dissemination of results.

When? Ad-hoc OR Foreseen (Number of reviews and the foreseen date (month on e.g. M12) is specified in the GA)

By whom? Contracted experts of the EC

Who should attend? Coordinator (mandatory) and the WP leaders.

Review process

– before the review?

- The Commission informs the project – via the Coordinator – approx. 2 months before the review meeting.
- Coordinator and the PO should agree on the date of the review and the agenda. Duration of the review meeting: 1 day approx.
- Consortium prepares the presentations (WP presentations) and all other requested documents (submitted deliverables, draft/final periodic report)
- Coordinator should send all requested documents and the presentations in advance.
- Reviewer(s) read all relevant documents before the review meeting, and may send questions in advance.

Dear Madam/Sir,

I am writing in connection with your above-mentioned grant and would like to inform you that we are planning a **review procedure**.

The review will cover the project activities that you have carried out.

It will examine:

- the degree to which the work plan has been carried out and whether all deliverables were completed
- whether the objectives are still relevant and provide scientific or industrial breakthrough potential
- how resources were planned and used in relation to the achieved progress, and if their use respects the principles of economy, efficiency and effectiveness
- the management procedures and methods of the project
- the beneficiaries' contributions and their integration within the project
- the expected potential scientific, technological, economic, competitive and social impact, and plans for using and disseminating results
- eligibility of the costs claimed
- compliance with other grant agreement obligations.

It will also cover the work of third parties involved in the project (*e.g. linked third parties, third parties giving in-kind contributions, subcontractors, etc.*)

We will be assisted by the following **outside expert(s)**:

- -
 -
 -
- -
 -
- -

Please let us know — within 5 days of receiving this letter — if you object to any of these experts on the grounds of commercial confidentiality, and explain the reasons why (via your [Funding & Tenders Portal account](#)).

The review will include a **review meeting** which will take place at the following venue:

Invitation to the review meeting

When?: 11/02/2020

Where?: Avenue Beaulieu 25, Bruxelles

Please provide us at your earliest convenience with a draft agenda for the meeting (unless already done).

I would be grateful if you could inform the other members of your consortium (if any) of this letter.

For any questions, please contact us via your [Funding & Tenders Portal account](#).

Review process

– during the review?

- PO introduces the Reviewer(s), progress and the purpose of the review;
- Coordinator introduces the partners (mainly WP leaders)
- Coordinator gives an overview about the project, progress and about any open/pending issues, next steps;
- Presentation of the WP leaders;
- Budget spending overview by the Coordinator;
- Q&A session with the Reviewer(s) and the PO;
- Closing remarks and feedback of the Reviewer(s) and the PO;
- Reviewer(s) assess the project based on the written material and information provided at the meeting. *(In the event of remote review, the assessment is based on written documents only)*

Outcome of the review

Expert Review Report - the reviewer(s) draw(s) up the Expert Review Report on a project, and the Commission sends it to the consortium via the coordinator, but it is not made public. If more than one expert is involved in project review, they issue a single consolidated report written by a rapporteur. In case of remote reviews separate review reports are developed.

- The reviewer(s) will also assist the Commission by recommending any changes that may be required. However, the final decision on recommendations and changes is taken by the Commission alone.
- Beneficiaries may comment on the review report within 30 days of receiving it.

Project assessment by the Commission - taking the experts' formal recommendations into account, the Commission informs the coordinator of its decision, which, however, may depart from the recommendations. It may entail

- Accepting or rejecting the deliverables
- Allowing the project to continue in its existing form
- Suggesting modifications,
- Suspend the project implementation (under certain conditions the project may continue when all requirements are fulfilled, or
- Taking steps to terminate the grant agreement or to exclude a beneficiary from taking part.
