Step 3

Create a Draft Proposal

Please enter the following information to create a draft proposal. Please note that fields marked with a star (*) are mandatory.

It is highly recommended to submit your proposal as early as possible and at least 48 hours prior to the deadline of this call. This will avoid being confronted with incompatible local IT configuration settings shortly before the call deadline, when insufficient time would be left to handle it. There is no reason in delaying the submission for confidentiality concerns as the system does not allow any access to the proposals before call deadline or cut-off (other than to selected data that is part of the Submission and Evaluation of Proposals Assent. Disclaimer).
You can submit the proposal as many times as you wish up to the deadline. Every submitted version will replace the previously submitted one.

Submission and Evaluation of Proposals Assent Disclaimer

Please read and accept this disclaimer to proceed with the creation of your draft proposal:

Proposal pre-registration data

1. In order to plan the evaluations, the Commission services need access to a limited amount of information about your draft proposal (the so called pre-registration data) prior to call deadline. The pre-registration data is limited to: call, topic, type of action, Participant Identification (PIC) code of the participating organisation(s), project acronym, short summary and - where applicable - panel and keywords. **Neither the Part B nor any annexe(s) form part of the pre-registration data that can be accessed by the European Commission services before the call deadline.**
2. You do not have to list sensitive/confidential information in the 'Short Summary' (entered on Step 3). Where relevant, sensitive/confidential information can be added to the 'Abstract' field in the Part A administrative form at a later stage in the submission process; this Abstract is not included in the pre-registration data. Therefore, please provide as the 'short summary' the relevant information (keywords, non-confidential information) for the planning of the evaluation.

I agree that the pre-registration data becomes available to the European Commission services prior to call closure.

I wish that the pre-registration data does not become available to the European Commission services prior to call closure. (Applicants are advised to use this option only in well justified cases, as it hinders the planning of the evaluation process and the timely processing of proposals).

Part B

3. **File format:** For the Technical Annex (part B) you must use exclusively PDF ("portable document format", compatible with Adobe Acrobat version 5 or higher, with embedded fonts). Annexes might have an obligatory page limit. Please check for the number and type of mandatory or optional annexes for the call in the relevant call documentation. For annexes where page limits apply, excess pages will be automatically made invisible, and will not be taken into consideration by the experts. Users will receive a warning when trying to submit an annex with excess pages.
4. **Time constraints:** Preparation and uploading of the PDF formatted technical annex may take some time. You should ensure that this has been completed in time, well before the call closure deadline.

Submission

5. Proposals must be submitted prior to the call closure deadline. Likewise, modifications to proposals or uploaded attachments are also required to be submitted prior to the call closure deadline or they will not be taken into account. Proposals may be submitted or withdrawn at any time prior to the call closure deadline. There is only ever one version of a submitted proposal, as submission over-writes the previous version.

Personal Data

6. We will process personal data in accordance with Regulation (EU) 2018/1725 and according to the "notifications of the processing operations" to the Data Protection Officer (DPO) of the Commission/Agency (publicly accessible in the DPO register). Read more on the [Legal Notice of the Portal](#).

EUROPEAN COMMISSION
 Directorate-General Communications Networks, Content and Technology
 Directorate F - Digital Single Market
 Start-ups & Innovation

Ref: /nrc/2017/8034122 12/08/2017

Subject: Horizon 2020 Framework Programme
Call for proposals: H2020-ICT-2016-2017 (H2020-ICT-2017-1)
Proposal: 780758 — MY-GATEWAY
Evaluation result letter — GAP invitation letter

Dear Madam/Sir,

I am writing in connection with your proposal for the above-mentioned call.

Having completed the **evaluation**, we are pleased to inform you that your proposal has **passed this phase** and that the Commission would now like to **start grant preparation**.

Please find enclosed the **evaluation summary report (ESR)**, based on the comments and opinion of the experts that evaluated the proposal for the Commission.

Invitation to grant preparation

Grant preparation will be based on the following:

1. **Proposal:** 780758 — MY-GATEWAY
2. **Topic:** ICT-32-2017 — Startup Europe for Growth and Innovation Radar
3. **Type of action:** Innovation action
4. **Project officer:**

⚠ Please always use the Participant Portal messaging function (via your [Participant Portal account](#)). Do NOT contact the project officer via other means (e-mail, letter, etc) — unless explicitly asked to do so.

5. **Maximum grant amount:**

Requested EU contribution (according to proposal): 1,498,771.25 EUR

Maximum grant amount (proposed amount, after evaluation): **1,498,771.25 EUR**

6. **Duration of the action:** 24 months

7. **Action & budget:**

The **description of the action (DoA)** (Annex 1 to the grant agreement) and the **estimated budget for the action** (Annex 2 to the grant agreement) must be based on the proposal submitted.

⚠ Please be aware that you may have to change your 'description of the action', in order to address ethics and security issues.

⚠ Please note that you may normally NOT make changes to the project/project budget/ consortium composition (including linked third parties). Please immediately inform the project officer (see above), if you need to make a change (e.g. because one of the consortium members want bankrupt and can no longer participate)

8. **Timetable & deadlines for grant preparation**

Submission of grant data & annexes: 5 weeks after receiving this letter

Once the Commission has checked the information you have encoded, you will have **2 weeks** to submit your final version — to bring it in line with the comments of the project officer.

Signature of the declaration of honour (DoH): 8 weeks after receiving this letter

Grant signature: 24 November 2017

⚠ Please note that repeated **failure to respect deadlines** may lead to the **rejection of the partner/proposal**. (Lack of cooperation during grant preparation will be taken to mean that you are no longer interested in the grant).

9. **Fully electronic grant preparation via the Participant Portal**

Please use your [Participant Portal account](#) to prepare your grant (including signature of the agreement). Do NOT contact the Commission via other means (e-mail, letter, etc) — unless explicitly asked to do so.

Please be aware that all **linked third parties** (that are part of your proposal) must be **registered** and validated as legal entities in the Participant Portal [Beneficiary Register](#).

⚠ Register them immediately, if not already done.

Please note that some of your legal and financial **data** in the Beneficiary Register is 'read-only' and can be **updated** only by your LEAR (via your Participant Portal account on the My Organisation(s) page). During grant preparation, you will therefore be asked to **appoint a LEAR**.

Grant Agreement Amendment

Amendments

The ones requested by the Consortium:

Changes involving beneficiaries & linked third parties

- Removal of a beneficiary whose participation has been terminated
- Change of beneficiary due to 'partial takeover'
- Addition of a new beneficiary
- Removal or addition of linked third party

Change involving the coordinator

- Change in the bank account the coordinator uses for payments

Changes affecting the project or its implementation

- Change in the title of the project or its acronym, starting date, duration or reporting periods
- Resumption of project activities after a temporary suspension

Changes involving the financial aspects of the grant

- Change in the maximum grant amount, reimbursement rate(s)
- Change concerning specific cost categories ('specific unit costs')

The ones initiated by the EC:

Amendments initiated by the EC

If the Commission requests an amendment, the request is prepared and signed electronically. You will receive a notification through the 'My Notification' section of the Participant Portal.

Amendments are NOT necessary:

- for certain budget transfers
- if the name or address of a beneficiary, linked third party or coordinator changes
- if a universal takeover results in a change of beneficiary
- if there is a change in the name of the bank or the address of the branch where the coordinator has an account, or in the name of the account holder.

How to launch?

The consortium-initiated amendment

The screenshot displays the 'RESEARCH & INNOVATION Grant Management Services' interface. The main content area shows a project summary for 'HORIZON 2020' and a progress bar for 'Continuous Reporting 780758 - MY-GATEWAY' starting on 01 Jan 2016. A red box highlights the 'Launch new interaction with the EU' button in the top right corner.

A modal dialog titled 'Launch new interaction with the Service' is open, showing the following options:

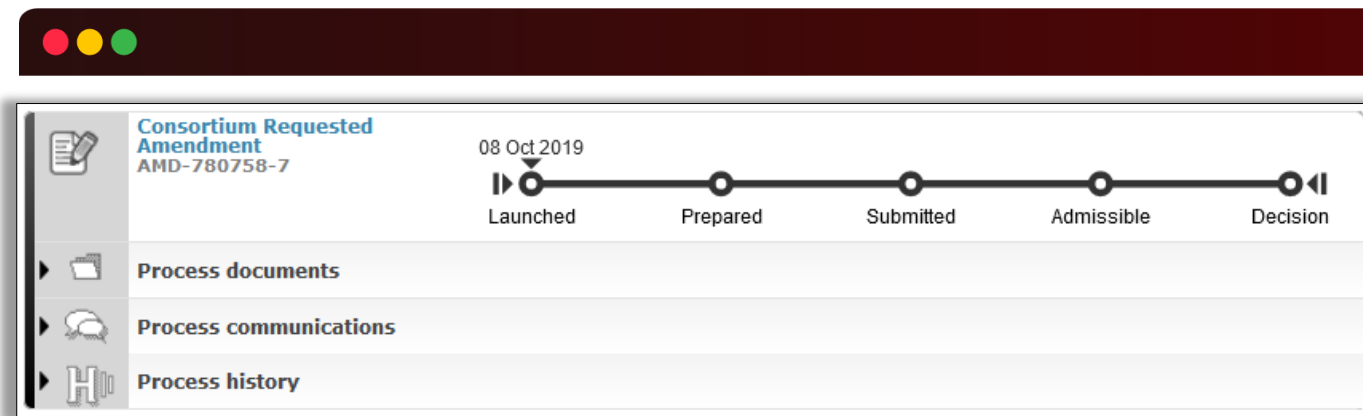

- Launch new amendment - Beta version (limited number of amendment clauses supported)** (highlighted with a red box)

The dialog also includes a 'Launch' button (highlighted with a red box) and a 'Refresh processes' button at the bottom right.

A notification banner at the bottom of the screen reads: 'Amendment created with reference AMD-906463-2. The task will appear as soon as the systems completes the launching process.' with a 'Refresh processes' button.

Dissemination

The image shows two overlapping screenshots of the Horizon 2020 Project Continuation Report interface. The top screenshot displays the 'Dissemination & Communication Activities' section with a progress bar at the top showing 'Dissemination' as the active step. Below the progress bar, there are input fields for 'Total Funding Amount' and 'Specify the number of Dissemination and Communication activities linked to the project for each of the following categories'. The bottom screenshot shows a detailed list of activity categories with corresponding input fields for the number of persons reached.
