Horizon Europe novelties

21 October 2021

Mandatory module before the webinar – concept of Innovation in HE

This introductory module, in eLearning format, will help you understand the innovation agenda and all the definitions related to innovation. Let's discover together the EIC schemes and how Horizon Europe will support and fund innovations.

Discover about innovation:

- Open
- Social
- Sustainable
- Disruptive
- Breakthrough

Discussion Topics

08:45 – 09:00   **Accessing the webinar room**

09:00 – 09:15   Event opening and introduction to the webinar

09:15 – 09:45   **Networking session**

09:45 – 10:45   **Innovation in Horizon Europe proposals**

Going through a proposal template, using innovation indicators, we will discover what to consider and in which proposal section.

- How to describe innovation in sections 1.1, 1.2, 2.1, 2.2, 3.1 and 3.2 (Examples)
- Innovation management integration – how?
- Budgetary aspects
- Exploitation routes, capturing results
- Commercialisation (Licencing, joint ventures, spin-offs, etc.)
- Non-commercial exploitation routes
- What will the evaluators look for?

10:45 – 11:00   Technical break

11:00 – 11:45   **Open science and data management**

- How to handle open access in your EU project?
- How to take into consideration institutional policies, how to ensure the FAIR principles and what data management plan should be developed by whom for a social science project or a security project?
- What is the European Open Science Cloud, what is OpenAire, Zenodo, etc?
- What does the European Commission favour?

11:45 – 12:00   Technical break

12:00 – 12:30   **Exploitation, dissemination and communication: Things you wish you had known before the first periodic report.**

How can we set up a good plan & make the partners part of it from the beginning? At the proposal stage, understand how to select the right KPIs and stick to them along the way (unless reviewers change their mind!).

Agree with partners on how to collect their numbers across the project and avoid last-minute confusion. Let's look at how to fill out the reporting tables on the EU portal. Be ready for tweaks and changes in the strategy and learn to anticipate reviewers' suggestions.

Afternoon

Do the quiz on the eLearning portal at your own speed.

14:00 - 15:00   Live Q&A session with the experts

During this session, the **best practices, examples** from 4 different organisations will be discussed.
